Applicants for Tucson HMIS Project

Dear Applicants:

We are pleased to announce that Information & Referral Services (I&R) has reviewed the various proposals submitted in response to our Request for Proposals issued on May 10, 2007, for the Tucson Homeless Management Information System Project (HMIS), and hereby award the contract for the HMIS Project to Arizona Technology Consulting (ATC). ATC's bid was the best responsive bid at the lowest cost. This letter serves as a formal acceptance of ATC's offer. I&R looks forward to working with ATC on the HMIS project, and thanks all applicants for their proposals.

Very truly yours,

Leslie Ann Williams
